

President's Message

Where did the summer go? Our summer and autumn seem to have come and gone like the vanishing exchange rate between the Canadian and US dollar – (right now they are close to par; 1 or 2 cents either way).

Not only has our summer come & gone the Provincial elections in Manitoba and Saskatchewan and the SRM parent Society election have all come & gone – our NGP election is over-due. We are holding an election for 3 positions: President-elect (this time it is Montana's turn); two directors for a two-year term – one from North Dakota and the other from Montana. Please take a look at the candidates' bio and send your ballot to Jen. Thanks to our candidates: Scott Brady, Sandra Brown, Terry Haughian, Todd Yeager, Shawn DeKeyser, and Robert Self for their willingness to let their name stand. To all the membership please consider serving on the executive in the future.

We are getting ready for the NGP winter meeting held in conjunction with the SRM meeting in Louisville Kentucky. We have booked the Holly Room (West Tower 3rd floor) from 12:30 to 2 pm on Monday January 28, 2008. I hope you can make it. Note the preliminary agenda. Please let me know if you have items for the NGP winter meeting or that you feel we should take to the SRM Advisory Council.

Elaine Grings has made a career move that has taken her to the International Livestock Research Institute located in Ibadan, Nigeria and will no longer be able to continue our newsletter editing. On behalf of the Northern Great Plains Section I offer our thanks to Elaine for her contributions to the SRM "cause" and the work she has done over time. Good luck Elaine in your new endeavours!

We are now recruiting volunteers to provide two important functions for the Northern Great Plains membership: 1) Newsletter Editor, and; 2) Awards. The job descriptions and specs are on the following pages; please consider stepping up to fill one of the openings. You can let one of the executive know that you are interested or if you know another who might be interested please pass their name along to one of us.

I also want to acknowledge and thank Jen Muscha, your Secretary-Treasure for coordinating this mini-newsletter while we are finding a replacement for Elaine.

Finally I wish everyone the best of the Christmas and holiday season.

Newsletter Editor - Vacant

Applications for the 2008 Masonic-Range Science Scholarship are now being accepted.

The **Society for Range Management (SRM) Masonic-Range Science Scholarship** offers financial assistance and recognition to a high school senior, college freshman or college sophomore planning to major in/presently majoring in range science and/or closely related field. The recipient of the scholarship must be planning to attend or be currently in attendance at a college or university with a

range science program.

Application deadline is December 31, 2007. See application for mailing instructions.

Please share this information with anyone you think might be interested in applying.

Specific information on the scholarship, application, and application process can be found on the SRM website at: http://www.rangelands.org/education_masonicscholarship.shtml.

Job Description for Awards Chair and Newsletter Editor

Awards Chair:

The purpose of this committee is to insure outstanding members of Section are duly recognized by Section and parent Society and will consist of members, from Montana, the North Dakota Chapter, and the Prairie Parkland Chapter (or at least have input from these three areas).

Primary Duties

Nominate Section members for appropriate parent Society awards.

Nominate Section members to Governing Board for Section Awards. Section awards and criterion are:

- *Northern Great Plains Section Outstanding Achievement Award* presented to members of the NGPS for their accomplishment and contribution in the art and science of range management
- *Northern Great Plains Section Young Range Professional Award* presented to outstanding range professionals in the NGPS under the age of 35 on January 1st of the year the award is to be conferred.
- *Northern Great Plains Section Excellence in Grazing Management Award* presented to producers that demonstrate exceptional accomplishments and contributions in the art and sciences of grazing management on their lands.

Insure all award recipients, to maximum extent possible, remain confidential until formal announcement by Section.

Prepare and distribute appropriate publicity about award recipients following award announcements.

Contact nominators of unsuccessful nominees and encourage resubmission if appropriate.

Maintain close liaison with parent Society's Awards Committee.

Provide written and verbal reports on committee's activities and recommendations to the Governing Board at their regularly scheduled meetings and on other occasions when requested.

Northern Great Plains SRM Newsletter, *The Plainsman* Editor:

Organize and edit section and chapter administrative records (such as official minutes and statements), inform the membership of current news and upcoming events publish relevant photos and articles submitted by members and chapters.

Northern Great Plains Section winter 2008 meeting held in conjunction with the SRM meeting in Louisville Kentucky
